

Ryan White Part A - Fall 2020 Virtual Focus Groups for Clients

Medical Case Management - Mental Health

Oral Health - Outpatient Ambulatory Health Services

Training Resources Network Inc. consultants will be facilitating group sessions of 6 to 8 people to hear about your experience with the services you receive. Join us during this opportunity to provide confidential, candid and honest feedback and ideas about what’s working, possible improvements, and how the Covid-19 pandemic has impacted access.

Why You Should Participate: Your client feedback will be used for the assessment and improvement of HIV/AIDS care, treatment and related services in the Norfolk, VA service area.
